About this new partnership

Each partner brings something unique to the table...

- OAN represents the field of Afterschool and Summer Learning professionals
- EEP believes in core skill mastery with a blended learning approach
- McWatters Consulting strives to provide afterschool programs with the support that helps them meet and exceed quality standards
McWatters Consulting, LLC will provide

- Information to support the development and operation of high-quality afterschool programs.
- Access to experts from the field that will share their experience and knowledge
- Facilitated feedback and guidance
**EnvisionEdPlus** will provide:

- Information to support the development and operation of high-quality afterschool programs.
- **Access to experts from the field** that will share their experience and knowledge.
- Facilitated feedback and guidance.
About PDPlus

**PDPlus** has re-envisioned professional learning from “seat time” to core skill mastery!

- Demonstrate mastery through practice-based implementation in your own work setting.
- Earn bronze, silver, or gold badges for each core skill badge completed.
- Facilitated feedback and guidance.
About the PD Opportunities

1) **Weaving the Web - Aligning Your Afterschool Program to the School Day**

2) **STEM/STEAM - Integrating Design and Making into Afterschool Programs**

3) **Afterschool Sustainability Lab**
   - Formulate sustainability plan using Ohio Afterschool Network’s “Keep the Lights On: Comprehensive Sustainability Toolkit”
   - Annual SMART Goals
   - Specific short and long term strategies for a) building collaboration, b) advocating for support and c) finding funding.
   - Blended learning follow up supports - virtual support and technical assistance to finalize the plan and prepare for implementation during Year 2.
   - Sustainability Plan will be guided by the Afterschool Alliance Six Design Principles for Sustainability.
